Division of Academic & Student Affairs

- National search for Vice Chancellor & Dean for Academic and Student Affairs
  - Led by Dean Jayne Fleener (College of Education)
  - 20-member search committee
  - Assisted by Witt/Kieffer Executive Search Firm
  - Timeline: Hire by July 2012
Review of Summer Sessions

8-member Task Force (Co-chairs: Jo-Ann Cohen & Louis Hunt)

Key Recommendations:

✓ Establish new flexible length sessions to accommodate innovative course delivery and to meet the needs of targeted populations
  – Offering shorter sessions and slightly longer sessions in Summer 2012

• Provide summer school support to address strategic initiatives and encourage delivery of high priority classes
  – Creation of Innovative Summer Course Grants program underway

• Ongoing efforts in response to task force recommendations:
  – EMAS helping colleges and departments identify areas of need and opportunity
  – Examination and revision of academic policies with eye towards summer sessions
Recommendations:

✓ Adopt a tuition and fee model based on student classification rather than course classification
  - Included in UNC-GA budget enrollment expansion request

• Adopt a formulaic model for allocating enrollment change funding for both on-campus and DE enrollment

• Adopt an effort-based overload policy in lieu of the current “20% of salary” policy
Review of Academic Science Programs

20-member Task Force (Chair: Margery Overton)

- 4 faculty from CALS, 3 each from CNR and PAMS
- 1 faculty member from other colleges plus DUAP, Graduate School

Purpose of review:

1. Determine best ways to enhance the natural synergies between our science programs, promote interdisciplinarity and reduce administrative overhead.

2. Recommend improvements for the overall quality and delivery of NC State science programs at the undergraduate and graduate levels as well as in university research and extension activities.

Review of Academic Science Programs

If NC State could build an ideal science program from scratch, what would it look like?

• Faculty ideal would allow seamless interactions and collaborations across departments and colleges

Options:
• Consolidation of colleges
• Same colleges but reconfigured departments
• Same colleges and departments
• New structure superimposed over the existing one
Review of Academic Science Programs

Timeline

– May 2011: Task Force begins meeting and expands looks at science program from 3 to 6 colleges: CALS, CNR, PAMS + COE, COT, CVM
– Aug 2011: Met with deans of 6 colleges above
– Sep to Nov 2011: Campus surveys and forums
– Oct/Nov 2011: Met with deans of CHASS, COM, and Graduate School, and Vice Chancellor for RIED
– Nov 2011: Interim report to provost
– Jan 2011: Final report to the provost
Review of Academic Science Programs

• Issues identified by Task Force
  – Mission/vision disconnects at different levels (e.g., college/dept, dept/faculty)
  – Perceived misalignment of resources with mission
  – Lack of shared or core research facilities
  – Limited support for graduate students
  – Inefficient use of scarce start-up dollars
  – Lack of credit or support for cross-dept/college work
  – Curriculum stagnation
  – Proximity of faculty to one another
Review of Academic Science Programs

• Preliminary Recommendations
  – Keep existing colleges
  – Suggested departmental realignments
  – Biological sciences must nurtured and allowed to flourish at NC State
  – Organizational and cultural shifts needed
    • Flow of resources
    • Support for interdisciplinary collaboration
  – Proposal for university academies
Dean Searches

Review of Academic Program Efficiency & Effectiveness

Timeline

• Jan to Feb 2011: Preliminary analysis of academic courses and degree programs to identify low-enrollment and low-productivity programs

• Mar 2011: Preliminary findings incorporated into Strategic Realignment Recommendations
  – Low-enrolled courses: Inactivate ones not taught in last 5 years and re-establish minimum class sizes
  – Degree programs: 29 undergraduate and 32 graduate programs flagged for further review

• Jul 2011: Comprehensive review begun by Task Force on Review of Academic Programs
Review of Academic Programs

14-member Task Force and 8-member Support Team
(Co-chairs: John Ambrose & Duane Larick)

Charged to:

1. Recommend metrics to be used in academic program review, including a wider range of evidence of program effectiveness than used in Spring 2011

2. Once metrics have been established, assemble data for all degree programs currently offered by NC State and identify areas that would benefit from additional attention

3. Make recommendations for strengthening academic programs through program consolidation, changes in focus, increasing support, phasing out, or taking no deliberate action

More info: go.ncsu.edu/academic-program-review
Proposed Metrics

• Unit of analysis: academic program and/or dept.
  – Data to be provided by Task Force for program verification
  – Other information to be requested from departments via survey

• Metric categories:
